

PoP Membership Survey - April 2007

The **Pend Oreille Pedalers** bicycle club was started approximately three years ago by a small group of cyclists with varied interests in cycling. In the years since, we've been mainly a club that catered to three groups of members: road riders, trail riders, trail builders & advocates.

Those of us newly elected to serve the club wish to have the activities of the club represent the interests of the members and potential members from the community.

Completing and returning this survey will help assess where the club should go to best serve it's members.

Thanks in advance for caring to help make this club truly representative of those it serves!

GENERAL:

How did you originally hear about Pend Oreille Pedalers? _____

What would you like to see a bike club do for you? _____

Why would you join, or not join, a bicycling club? _____

If you're too busy to be involved in the club, would you consider joining for \$20/yr to support club mission & priorities? Yes No
